All,

You are all invited to attend a very special service honoring
and dedicated
to all First Responders in Fayette County.

Harp's Crossing Baptist Church.

<http://www.harpscrossing.com/>

Sunday Sept. 12, 2010 at 7:00

The speaker will be Tommy Neiman who I understand is an ordained minister and veteran firefighter.

This would be a wonderful chance for Ham Radio volunteers to meet and mix with our counties dedicated First Responders at the reception in their honor that follows the service.

We can quietly show our solidarity and support for these professionals by wearing our Fayette ARES or FCARC shirts and sitting as a group.

BGMRC Meeting Thursday September 16th 6pm Golden Corral Newnan.
?

For some time now the BGMRC has not held regular meetings due to declining

attendance.?The club is still active and?holds a well attended Field Day event

at the county fair grounds and still supports Powers Art

Festival with the ham shack and PA system. The good turnout of hams at Powers this year?expressed?an ongoing interest in continuing some sort of organized club activity in our local area.? Recent discussions with several hams have convinced us that a quarterly eating-meeting might be a good way to provide some level of coordinated activity among the hams in Coweta County.? Our proposed agenda would tend to be long on socializing with your fellow hams and short on the business end.?

?
If someone has a particular interest in an area of Amateur Radio, we can try to match them up with others who share the same interest.

?
We have reserved a room for a meeting at Golden Corral in Newnan on Thursday, September 16 at 6:00pm.? Spouses and friends are welcome.? Please put that date on your calendar and come with your thoughts and ideas.?

?
I look forward to seeing you there. Please extend this invitation to others interested in ham radio or becoming a ham.? Please let me know if you are planning on attending and bring you ideas for getting the club active again.

We had a good meeting last month with 19 members, wives and friends attending.
The next meeting is October 28, 2010 at the Golden Corral at 6pm. I will send more information on the last meeting later.

We want to start a net on the 13 repeater to give us a method to communicate.

Please attend so you can help shape the future of the BGMRC
